Overview

We will focus on these 5 key points to help you understand how to kickstart your career with SkillParkho.

- **Who We Are:** Introduction to SkillParkho and why we're the best choice for IT career training.

- **What You'll Learn:** A quick look at our courses, topics, and the time it takes to complete them.

- **Getting Job-Ready:** How we prepare you for jobs with mock interviews, resume help, and more..

- **Success Stories:** Real examples of students who got placed in top companies.

- **Fees and Requirements:** Our fee plans, payment options, and what you need to join.

LET'S BEGIN THE JOURNEY

"WHO WE ARE...

Who We Are & Our Track Record

- **At our core**, we believe every student, no matter their background, deserves the opportunity to succeed in the IT world.
- **Driven by our mission**, we build not just skills, but the confidence to face challenges and thrive in real-life situations.
- **Through hands-on learning** and personalized mentorship, we ensure every student is fully prepared to unlock their potential.

Our Journey

- **Founded in 2021**, SkillParkho began with a clear mission: to **provide affordable IT training that guarantees real job opportunities.**
- **Proven Results:** Over 100 students have already secured placements through SkillParkho, with a remarkable **98% placement rate.**
- **Alumni Success:** Our graduates are now thriving at top IT companies like **Infosys, TCS, Accenture, Microsoft, and many others**. With rigorous training, dedicated support, and strong placement assistance, SkillParkho has helped thousands achieve their career goals.

LET'S BEGIN THE JOURNEY
"WHAT YOU'LL LEARN...

WHAT YOU WILL LEARN

At SkillParkho, we focus on Support you start **your career in IT, no matter your educational background**. Our course is designed to make you job-ready, even if you're new to this field.

By the end of the course, you can confidently work in roles like:
- System Engineer
- System Administrator
- IT Support Engineer
- Desktop Support Engineer
- Service Desk Analyst
- Technical Support Engineer
- Server Administrator & **Many More such Postions.....**

We teach you all the skills you need to succeed in these jobs, preparing you for a strong and successful career in IT.

WHAT IS AN IT/SYSTEM ENGINEER?

An IT/System Engineer is someone **who takes care of the technology that keeps a company running smoothly**. They make sure **computers, servers, and networks work properly** so employees can do their jobs without issues.

Examples of What They Do:

- **Troubleshooting Issues:** If someone's computer is slow or the company's website isn't loading, they find out what's wrong and fix it.
- **Keeping Things Secure:** They protect the company's data from hackers by using security software and regular updates.
- **Responsibilities Include:** Monitoring servers, protecting data, supporting remote work, disaster recovery, resolving network issues, managing software and tools, and much more.

WHY CHOOSE IT / SYSTEM ENGINEERING?

1. **Easy to Start:** You can enter the tech industry with minimal requirements, no matter your background, whether **you're from BA, BSc, BCom, or BTech in any field.**
2. **High Demand:** Skilled IT and System Engineers are always needed in various industries.
3. **Good Pay:** Even entry-level positions offer competitive salaries, with the **average salary for this role in the market being 5 LPA.**
4. **Career Growth:** Once you enter the IT domain, you can easily switch to high-paying roles like Cloud, SRE, or DevOps Engineering in the future.
5. **Job Flexibility:** Enjoy opportunities for remote work, offering a better work-life balance.

IT infrastructure is the backbone of modern companies, making it essential for every business.

- ➢ Network Protocols - HTTP & HTTPS, FTP, SMTP, IMAP & POP3, DHCP, DNS, TLS
- ➢ Networking Devices Overview
- ➢ Network Commands in Windows
- ➢ General Network Failures & Troubleshooting in OS
- ➢ Introduction to Network Design, Cisco Packet Tracer.
- ➢ Virtual Private Network (VPN), NAT & PAT

Module -2
Managing & Maintaining Client Operating system

- ➢ Operating System Introduction & Architecture
- ➢ OS Installation and Drivers
- ➢ Creating & Managing user's, groups, policies & admin account
- ➢ OS Patching & backups
- ➢ OS Troubleshooting & Configurations
- ➢ Outlook Configuration & Backups
- ➢ NTFS & Share permissions over network
- ➢ BitLocker & recovery, Event Manager, Windows firewall
- ➢ Remote management & RDP
- ➢ Application Installation - O365, Antivirus, Adobe etc.

Module -3
Windows Server

- ➢ Architecture of Domain & Workgroup Infra
- ➢ Domain controller & Active directory
- ➢ Windows Server Overview & installation
- ➢ Vital Server roles & Active Directory Configurations
- ➢ DNS Server creation & configuration in windows server
- ➢ DHCP Server creation & configuration in windows server
- ➢ FTP & WDS Server Configuration in windows server

SKILLS YOU WILL MASTER

Module -4
Virtualization

➤ Introduction to Virtualization
➤ Virtual Machines and type 1 & type 2 hypervisors
➤ Virtualization Platforms - VMware Workstation, Microsoft Hyper-V setup and installation, Citrix etc.
➤ Virtual Network Configurations

Module -5
Hardware devices, Technical specifications & General issues

➤ Hardware Components
➤ Hardware Installations & Upgrades
➤ Diagnostics & troubleshooting
➤ Printer Configurations

Module -6
Information Technology Infrastructure Library (ITIL)

➤ Introduction to ITIL
➤ ITIL Service Lifecycle & Key Components
➤ Incident management, change management & problem management
➤ SLA, OLS, CMDB & SLO

YOUR LEARNING JOURNEY

Premium
IT Engineer/System Engineer

1ST Day ----- **Basic Understanding of Course & Company Overview**

Networking Fundamentals ----- 1ST & 2nd Week

3rd Week ----- **Managing & Maintaining Client Operating System**

Windows Server ----- 4th & 5th Week

6th Week ----- **Virtualization**

Hardware devices, Technical specifications & General issues ----- 7th Week

8th Week ----- **Information Technology Infrastructure Library (ITIL)**

Mock Test & Mock Interview ----- 9th & 10th Week

Secured a Placement in a prestigious company

COURSE HIGHLIGHTS

- **8-Week Industry-Grade Program:** Gain hands-on, real-world skills that prepare you for a successful career in IT/System Engineering.
- **Expert Mentorship:** Learn from experienced industry professionals who guide you throughout your journey.
- **Weekly Doubt Sessions:** Receive personalized attention to resolve any doubts and ensure you stay on track.
- **Real-Time Support:** Get immediate assistance through live chat or forums whenever you need help.
- **Hands-On Learning:** Work on practical projects that equip you with valuable, job-ready skills.
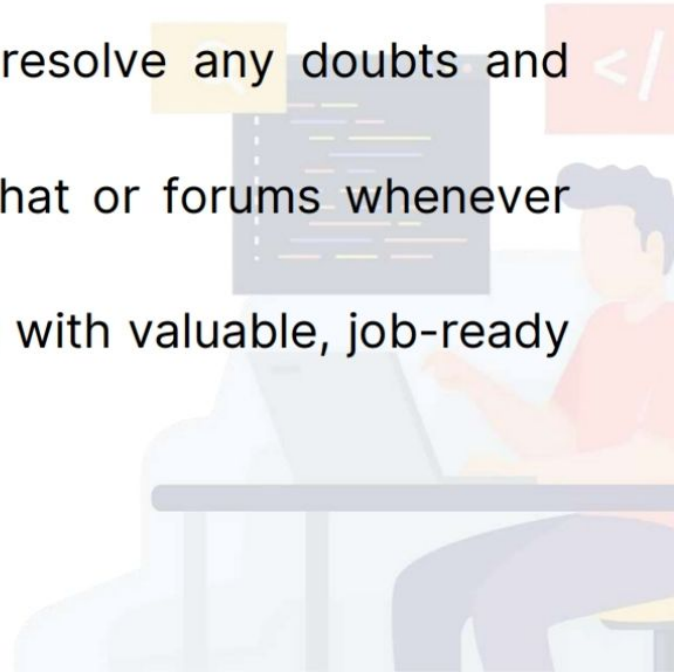

COURSE HIGHLIGHTS

- **Recorded Revision Videos:** Miss a class? Review recorded lessons anytime, ensuring you never fall behind.
- **Daily Notes (PDF):** Reinforce your learning with concise, easy-to-access notes provided after each class.
- **ISO & IAF Approved Certificates:** Earn globally recognized certificates for each module, helping you stand out in the job market.
- **Internship Letter:** Showcase your hands-on experience with an official Internship Letter, helping you bridge any career gaps.
- **Pre-Placement Phase:** Prepare for interviews with mock sessions, resume tips, and expert guidance to ensure you're ready for the job market.

These 10 features make our training program one of the most comprehensive and effective options for launching your career in IT/System Engineering.

LET'S BEGIN THE JOURNEY
"GETTING JOB-READY...

PRE-PLACEMENT PHASE

FOCUSED ON 5 KEY AREAS TO PREPARE YOU FOR SUCCESS

- **Tailored Resume Building**: We help you create a professional resume that highlights your skills, experience, and certifications to stand out to employers.
- **Mock Interviews & Feedback**: Practice with mock interviews and receive detailed feedback to improve your performance and boost your confidence.
- **Real-World Practice Exercises**: Engage in job-related scenarios to develop problem-solving and decision-making skills, preparing you for real work challenges.
- **Soft Skills Development**: Strengthen key soft skills like communication, teamwork, and leadership, essential for succeeding in any work environment.
- **Career Counseling & Guidance**: Receive personalized career advice to help you make informed decisions about your career path and growth opportunities.

This approach ensures you're fully prepared and confident for interviews and job placements.

STORIES FROM OUR STUDENTS

Manoj Maurya
B.Tech (Mechanical) - 2019
Placed: First Source (3.4 LPA)

I had a wonderful experience with Skillparkho. They provided excellent training and helped me to find a perfect job. The entire process was smooth and supportive.

Aarti Jadhav
Bachelor of Commerce - 2024
Placed: Microland (3.2 LPA)

The training was detailed and easy to follow, covering everything needed for real IT engineer work. It gave me the confidence and skills to handle real-world tasks effectively.

Priyanka Viswahkarma
Bachelor of Commerce - 2020
Placed: Team Computer (3.0 LPA)

The placement process was smooth and well-organized. I received great help with job applications and interview prep, including practice interviews, which made me feel ready and confident

Ravi Chaurasiya
Master of Commerce - 2020
Placed : Karvy Infotech Pvt. Ltd (2.8 LPA)

The instructors knew their stuff and were always there to answer questions. Their support made learning easy and helped me understand everything without any confusion.

Preeti singh
Bachelor of Commerce - 2020
Placed: HDFC (3.6 LPA)

The pay-after-placement model was a huge relief, letting me focus on learning without upfront costs. Paying was easy and only happened after I got a job

Swati Dwivedi
B.Tech (CS) - 2024
Placed: Wipro (4.0 LPA)

Thanks to Skillparkho, I landed a job as an IT Support Specialist at Wipro. It was a perfect match for the training I received and my career goals

STORIES FROM OUR STUDENTS

Praveen Dubey
Bachelor of Pharmacy -2022
Placed: Infosys (3.8 LPA)

I faced some challenges during the course, but the company provided timely support and resources that helped me overcome them and keep progressing towards my goals.

Vipin Kumar Singh
Master of Arts - 2021
Placed: EY (3.64 LPA)

The initial learning was tough, but with the instructors' help and extra practice, I quickly got the hang of it and felt more comfortable with the material

Mahima Rai
Bachelor of Arts - 2018
Placed: Accenture (3.45 LPA)

The learning environment was very supportive, creating a strong sense of community among students and instructors. Everyone was encouraging, which made the experience more enjoyable and helped me stay motivated throughout the course.

Abhishek Singh
B.Tech (Civil) - 2020
Placed: EXL (3.6 LPA)

Clear and consistent communication from the company kept me on track throughout the course and placement process, ensuring I knew what to expect and helping me stay focused and organized

Salman Khurshid
Bachelor of Science - 2022
Placed: Deloitte (3.7 LPA)

Even after securing a job, the company provided ongoing support, ensuring that I was settling in well and addressing any post-placement issues

Saurabh Singh
Master of Science -2023
Placed: American Express(4.0 LPA)

There was a clear feedback system that let me share my thoughts on the course and get helpful feedback on my progress, which made the learning experience more effective.
